

Consolidated Cooperatives of Scottsdale East

Home Safe Home is a complimentary program provided by Scottsdale Fire Department to help keep older adult residents safer in their homes.

Trained fire department representatives visit seniors in their homes and point out potential tripping and falling hazards. We can replace smoke alarms batteries or install a new alarm (if it meets requirements) and give free nightlights to ensure you can see well at night. Call 480-312-3255 for more information.
