

# Consolidated Cooperatives of Scottsdale East

July 2025

Newsletter

Next Board Meeting

September 18 at 6:00pm

Maintenance Building

Reminder...you do NOT have a maid!  
Please clean up after yourself. This includes the laundry rooms. **YOU** need to pick up the mud, dog hair, lint, etc in the laundry room. The machines are used by everyone.

Lockers are not free!

“Borrowing” a locker is not ok. Lockers are available through the front office. If a lock is found, it will be cut, removed and you will have to go to office to claim your property.

Taliesin West

(#8 of 223 things to do in Scottsdale)

Experience the beauty of the Sonoran Desert through the eyes of Frank Lloyd Wright. Deeply connected to the land from which it was forged, Taliesin West is a celebration of the Arizona desert — a celebration you can step into and explore on a tour, either guided by a Taliesin West expert or at your own pace with an audio tour.

We are looking at replacing the display boards. More to come after the next Board Meeting.

**Did you know that SRP does Energy Assessments?** With an SRP Home Energy Assessment, customers can get personalized, energy-saving advice from an experienced SRP Energy Ambassador. Best of all? We offer virtual and in-home assessments for your convenience, and they are free\* in some cases.

### What to expect during your assessment

During the assessment, an SRP Energy Ambassador will review the appliances, lighting and heating and cooling equipment in your home. The evaluation takes approximately 90 minutes, depending on the size of your home.

At the end of the assessment, the Energy Ambassador will give you:

- A customized assessment report of your home's energy performance with personalized recommendations to help you save energy and money
- Access to exclusive appliance rebates for new ENERGY STAR<sup>®</sup> refrigerators, heat pumps, water heaters, washers, dryers and dishwashers.
- Information about other SRP rebates\*\* for A/C replacements, shade screens, insulation, duct sealing, and more
- Free energy-saving products, worth up to \$250, that will improve the efficiency and comfort of your home

The free products may include: Up to 25 ENERGY STAR certified LED dimmable bulbs. Up to two LED nightlights. Up to two efficient-flow showerheads.

If you choose an in-home assessment, the Energy Ambassador will install the products for you during their visit. If you choose a virtual assessment, you will receive the products by mail in 1-2 weeks after the date of your assessment.

Schedule a SRP Home Energy Assessment online by using the link below or calling **(602) 236-3065**.

*\*\*Customers have six months to apply for rebates after the SRP Home Energy Assessment is complete.*

Trish in G building recently passed away. Condolences to her family and friends!

### AC Reminder!

If your AC is not working properly, not cooling enough, etc please call the office immediately.

And...turn it off. Turning the temp down lower can actually cause more damage.
