Scottsdale residents can properly recycle electronics like computers, printers, phones, cameras, flat panel televisions/monitors and stereo equipment at our free Electronics Recycling Event.

***Proof of residency is required: such as a picture I.D. with your Scottsdale address or a city utility bill.***

## 40<sup>th</sup> Annual Arts & Craft Fair

Saturday, Nov. 1, 2025

9 a.m. - 2 p.m.

Granite Reef Senior Center

1700 N. Granite Reef Rd

The tradition began in 1983 at the Civic Center Senior Center, which was the City of Scottsdale's original senior center in downtown Scottsdale. At the time, the purpose of the event was to provide an opportunity for local seniors who were taking art classes at the relatively new facility to showcase their artwork.

Over the past 40 years the fair has evolved into a large community event, with over 150 art vendors who sell a wide range of original artwork, jewelry, photography, glass and iron work, clothing and much more. The combination of high-quality original art and hand-made crafts make the Arts & Crafts Fair a terrific shopping experience where gems await around every corner. The event features artwork for any budget, with treasures available for as little as \$1.
